

1000w portable power station

1000w portable power station

2-5 business days shipping

3+2 Years Warranty

30-Day Money back

Under this mode, you can rapidly power up the portable power station using the AC charging method. This emergency charge function can be activated or deactivated through the Jackery app. When in emergency charging mode, the circular light indicating the state of charge (SOC) will blink at an increased pace

Jackery provides 3 years standard warranty and 2 years extended warranty. Please note that we only provide our warranty to customers who purchase from the official Jackery website, Jackery-branded third-party platforms, or local authorized dealers.

The recommended charging temperature for the product is between 0°C to 45°C (32°F to 113°F), and the discharging temperature is between -10°C to 45°C (14°F to 113°F). Operating the product outside this temperature range may restrict its charging and discharging capabilities, or even render it unable to charge or discharge.

Do Not Buy Anything From Jackery- I purchased a explorer 1000-I have not been able to register this product with a required control number- no control number on box- no control number on unit- no control number on invoice- I've sent Jackery a request for a control number but was sent a verification form proving I am who I am. Jackery has not sent me anything regarding a control number- it's way past the 30 day return- this is now 45+ days unable to register product You Sold Me and Walked Away- I'm getting my lawyer involved tomorrow/ Do Not Buy Anything From Jackery

The 1000 Jackie was great for my five days without power. It charged my fan. My Internet did everything I needed except run. My big refrigerator was a great help and keeping in contact with everybody with charging phones and stuff. Great job.

I bought my Explorer 1000 for truck camping, but I'm sure glad I had it. During a 24 power outage, I was able to use what I needed to make life a little more comfortable. Thanks Jackery!

PORTABLE POWER FOR YOU: With a 1002Wh power capacity, the Explorer 1000 Portable Power Station is perfect for devices like cameras, CPAP machines, electric grills, coffee maker, microwave.

PREPARE FOR HURRICANES: The Explorer 1000 power station can hold power on standby for more than a

1000w portable power station

year, offering reassurance during hurricane seasons and power outages.
