

12v 30ah lifepo4 lithium battery

12v 30ah lifepo4 lithium battery

To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzed reviews to verify trustworthiness.

"...Both of my working battery chargers indicate that the battery is either bad, or too low of a stored charge to actually take a charge...." Read more

"...More capacity in the same size. It fit and works just fine. No power outages since then but I am confident that it will work as needed." Read more

"Bought this LiFePo4 battery to do POTA activations. Very lightweight and can run several hours drawing ~20A and putting out 100W. Charges in about 3..." Read more

"...type SLA 12v, 7Ah batteries in my old E300 with these, which are noticeably lighter and now I'm getting much more range, plus experienced a slight..." Read more

"...The Nermark battery showed less than 10V on my DVM. Both chargers displayed a battery fault, and were unable to charge the battery above 10.3V. It..." Read more

"...a state of charge indicator or blue tooth communication, but the price was great.Update 2/7/24 - I have now had this for about half a year...." Read more
