

20 kwh battery bank

20 kwh battery bank

We offer scalable and versatile emergency backup power options including portable power stations you can carry from room to room or take on camping trips. This is a great solution for renters and folks who want to use backup power at home and away. Power electronic devices, charge phones, run your refrigerator, connect to the Wi-Fi, power lights and more--even when grid power goes down.

Interested in a more robust backup power solution? Our Haven 10 ecosystem provides convenient, reliable emergency power and the ability to back up as many as 10 essential circuits in your home with automatic power switching. This system must be professionally installed and is a great option for homeowners.

Goal Zero was born from a belief that lack of resources should never limit human potential. We are inspired by a passion for adventure, respect for the planet, and a humanitarian heart and we believe we are inextricably connected to the communities, environment, and society to which we belong.

This long-lasting home backup solution provides approximately 20,000 watt hours of power and the ability to backup 10 circuits in your home--making emergency power outages much less stressful. Equipped with a Yeti Pro 4000, four Yeti Pro Tank Batteries, Haven 10 transfer switch, and mounting plate.

Our customizable backup power solutions can cover up to 10 essential circuits when you connect your power station to the Haven 10 Manual Transfer Switch. Get reliable power during outages and emergencies. Power lights, fridges, medical devices, Wi-Fi routers, and more!

Best In Class Power Output The Yeti PRO 4000 handles heavy-duty appliances with ease and powers more for longer thanks to its next-generation efficient inverter technology. It comes with 3,600 watt power out and 7,200 watt surge, and has 80% more power than our previous generation products. Run almost any home appliance, aside from air conditioning.

Class-Leading Lifespan Upgraded LiFePO4 battery technology gives this power station an incredible 4000+ cycle lifespan with over 10 years of daily use. This reliable power station is guaranteed with a 5-year warranty so you can count on it when you need it most.

Superior Fast Charging The Yeti PRO 4000 offers over 3 times the charging speed of previous generation products. It has 1800 W AC power in to charge from 0% to 80% in 2 hours and 3,000 W solar input to charge from 0% to 100% in under 2 hours while you're off grid.

Our app has been reimagined and redesigned to work seamlessly with our new Yeti PRO 4000 devices. Monitor, control, and track your power usage from virtually anywhere. Check battery level, power flow in and out, and turn ports on or off. Compare energy use to historical data. Choose from different charge profiles to
