Customer service was great, battery was shipped and received on time. Unfortunately (because it was purchased for my trolling motor) due to weather,I haven't tried it yet

Great battery for the money. Battery tester shows results up to spec. Low resistance and cranking test voltage drops to 12. Fast shipping and battery packed well. Overall happy with purchase!

Quick ship & perfect fit in my trusty old 2005 Suzuki Grand Vitara. Arrived fully charged. Price was much better than any local competitor. Only time will tell how long this will last, hopefully similar to others I've had in this car which averaged over 6 years.
