

280ah lifepo4 cells

280ah lifepo4 cells

We design, supply, and deliver every kind of green energy battery and solar energy system for homeowners, business program, and installers. We use only the well-known manufacturers in our design layouts, customized for your specific needs and requirements.

We provide original Battery cells with intact QR Codes and Grade A performance. A protection valve builds inside the battery, keep the battery safe from overcharge and over-discharge use. Each battery has its own QR-code as identification.

Using laminated production technology, LiFePO₄ Battery has higher performance in charging, discharging, and life cycle, with a thinner body, lighter weight, more flexible size, and shape, which can adapt to a variety of applications, has better stability and tolerance in high-temperature discharging.

Our Battery included all parts for assembling, with bus bars, and screws. All these parts are made of copper and aluminum, with a strong conductivity and longer life.

To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzed reviews to verify trustworthiness.

We provide lifepo₄ Battery cells with high-performance. A protection valve builds inside the battery, keeping the battery safe from overcharge and over-discharge use.
