

340 kWh battery solar

340 kWh battery solar

The 96-cell HIT(R) N340 solar panel provides a powerful combination of increased module efficiency, energy savings and durable long-term performance. Featuring a 20.3 module efficiency and 340 watts per panel, N340 delivers an advanced renewable energy source with zero emissions for any home. A temperature coefficient rating of $-0.258\%/^{\circ}\text{C}$, one of the lowest in the world, helps generate greater electricity output on the hottest days.

As temperature increases, HIT continues to perform at high levels due to the industry-leading temperature coefficient of $-0.258\%/^{\circ}\text{C}$. No other module even comes close to these temperature characteristics. That means more energy throughout the day.

Panasonic's vertical integration, over 20 years of experience manufacturing HIT(R) and 20 internal tests beyond those mandated by current standards provide extreme quality assurance.

HIT "N-type" cells result in extremely Low Light Induced Degradation (LID) and zero Potential Induced Degradation (PID) which supports reliability and longevity. This technology reduces annual degradation to 0.26% compare to 0.70% in conventional panels, guaranteeing more power for the long haul.

Industry-leading 25-year product workmanship and performance warranty is backed by a century-old company - Panasonic. Power output is guaranteed to 90.76% after 25 years, far greater than other companies.

Solaris is a leading online solar energy supply store serving American homeowners and businesses. We design and supply quality Solar Power Kits, both preconfigured and custom tailored for your needs. Our wholesale pricing reflects the relationships we carry with the manufacturers we stock, ensuring the best deals for our customers.

We carry everything you need for your grid-tied or off-grid system, including plans, permits and diagrams. Our Solar Panels, Inverters, Racking and Mounting are second to none in quality, reliability, efficiency and lifespan. When going solar with us, we help you every step of the way in sourcing the products that matter for your investment.

Let us design and supply your system for less using the best products in the solar energy market. We are proud to be a preferred distributor for solar installers and DIY homeowners alike.

Solaris is a leading online solar energy supply store. Since our inception, we have steadily grown to become one of the most robust solar energy dealers nationwide. We provide a large variety of products, custom designed solar electric systems, and superb technical support throughout your installation.
