Unlock substantial savings with the government's Solar Tax Credit, which offers a robust 30% deduction on the installation costs of solar systems. This attractive incentive is your ticket to leveraging solar energy's eco-friendly potential while enjoying the financial benefits.

At Solar Guys Pro, our commitment is to you. Please be reminded that our expertise does not extend to tax advice. Nonetheless, our dedicated staff is eager to guide you through the process and ensure you capitalize on this exceptional offer.

Introducing the Growatt MIN 5000TL-XH-US, a state-of-the-art grid-tie inverter engineered for the modern residential energy storage system. Designed to bridge the gap between grid-tie and battery storage capabilities, it seamlessly supports off-grid and solar systems when integrated with Growatt's Auto Transfer Switch (ATS), providing a comprehensive energy solution.

With the Growatt MIN 5000TL-XH-US, elevate your home energy system with a solution that offers not only efficiency and reliability but also the flexibility to adapt to your changing energy needs.

Yes, this inverter is designed for flexibility, supporting both grid-tie and battery storage systems, and can also support off-grid operations when used with Growatt's Auto Transfer Switch (ATS).

The MIN 5000TL-XH-US comes with an integrated WiFi module for plug-and-play online monitoring, allowing you to track the status of your power system via a mobile app or web portal.
