

6 kilowatt electric car charger

6 kilowatt electric car charger

We feature offers with an Add to Cart button when an offer meets our high standards for: Quality Price, Reliable delivery option, and Seller who offers good customer service "No featured offers available" means no offers currently meet all of these expectations. Select See All Buying Options to shop available offers.

To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzed reviews to verify trustworthiness.

"...This charger has only lasted 14 months, operating only about half the time. One would think that this charger should last much longer." Read more

"...You have all kinds of options that will allow you to control your charger (including the ability to manually set charging amperage), calculate your..." Read more

"... It's smaller than you'd think, built like a tank, the cables are plenty long, and despite the cables being pretty thick, they are very flexible...." Read more

"...There are many less expensive competitors, but the Pulsar seems ruggedly-built, doesn't take up too much wall space, and looks like it will last...." Read more

"...1. It is relatively compact.2. It has a three year warranty.3. It can either be plugged in to a NEMA 14-50 wall outlet or hard-wired...." Read more

"... my opinion, the price is absolutely worth it and depending on long-term reliability (looking great so far), Wallbox is a brand that's earned our..." Read more

"...way, you may see some older videos lamenting that the 25 foot cord is thin and will not necessarily work well with outside placement in cold..." Read more

"...Yes it's a bit stiff but it has some "memory" so easy to hang back up oose a high quality INDUSTRIAL Nema 14-50 plug. Hubbard has one...." Read more

"...Nice 25ft long heavy duty cord, and I've positioned it in my garage so that it will reach outside under my closed garage door to charge a vehicle..." Read more
