

Battery box case

Battery box case

To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzed reviews to verify trustworthiness.

"...The setup seems like a good design until you realize there's a 50 lb battery unsecured with all the electronics unprotected in the underside of the..." [Read more](#)

"The AllTop battery case was perfect for my DIY solar truck project. Comes with solar connectors, inline fuses, easy instruction, and durable...." [Read more](#)

"...Also has a volt meter and a switch to turn the outlets on and off. Works great with by Cascadia 4x4 solar panel and charge controller...." [Read more](#)

"... made setting up a solar system for my camping setup extremely easy and provides peace of mind knowing everything is properly secured and protected..." [Read more](#)

"... eaper then a traditional power station and with a new premium car battery u can have backup power for several hours during power outage for small..." [Read more](#)

"...I put a group 30 deep cycle battery in the box and it fit perfectly with a little bit of room still for a couple tools like pliers and spare fuses...." [Read more](#)

"I put a 100whr life pro battery in it and it fits great but be careful The switch on the top Does Not turn off the power to the battery terminals..." [Read more](#)

"...Love the extra features like battery monitor, cig port, and usb ports. Lost connection with the switch probably from opening the box a few times...." [Read more](#)

"...price was...adequate... Problem was that none of my previously installed connnectors (on my boat or camper) would connect to the posts on..." [Read more](#)

"...Makes it harder to change stuff out when it fails. The Anderson connector is nice since I can plug and charge easy. Overall nice box...." [Read more](#)
