The newest innovative Lithium Iron Phosphate battery from Fortress Power is the eVault Max 18.5 kWh. An all-in-one solution for your residential and commercial needs. Scalable up to 370kWh with a serviceable top cover access to make installation of this battery simple and worry free. The eVault Max is AC/DC coupled to solar arrays and works for many applications that require solar storage, including Off-Grid, Back Up power, self-supply and Peak Charge Reduction just to name a few.

Founded in 2003, Inverters R Us is one of the largest Victron suppliers in the world. We are known for our system designs, technical/pre & post sales support, massive inventory and HOME of the 5+1 = 6 Year Victron Warranty. At Inverters R Us, you can trust that we will be here for you today AND down the road! Please feel free to call us at 1-866-419-2616 M-F 8AM-4PM PST

Compatible with Fortress Power, Sol-Ark and other 48V solar inverters, Fortress Power batteries are ideal energy storage solutions for grid-tied or off-grid solar installations. Lower your utility bill by avoiding the need to buy electricity at peak times with the Fortress Lithium Battery. Eligible for tax credits and rebates when used with solar, and backed by a 10-year warranty. Order online or by PHONE 888-498-3331

Fortress Lithium Iron Phosphate batteries are designed to work with most 48VDC inverters and chargers available on the market. Below is a list of compatible inverters and chargers.
