

Bucharest electricity distribution

"Digitized and resilient grids are essential to provide customers with services adapted to the new realities of the energy transition, with increased consumption at household level, decentralized energy production at prosumers or electric mobility. By merging our companies, we will improve operational efficiency in the medium and long term, which will allow us to accelerate the modernization of the distribution networks and make a key contribution to Romania's energy transition," stated Mihai Pe?te, Managing Director of Re?ele Electric Romania.

The new company will continue to provide electricity distribution services in Bucharest and the counties of Ilfov, Giurgiu, Constan?a, Tulcea, Ialomi?a, C?l?ra?i, Cara?-Severin, Timi?, Hunedoara and Arad. Customers will continue to benefit from the services that we are continuously improving, of advanced technologies in electricity distribution and technical digital solutions but also for interaction with the company. The customer contact centers remain unchanged, as do the contact telephone numbers. Customers can contact the company on the same phone numbers, for inconvenience:

The company Re?ele Electric Romania operates networks with a total length of about 134,000 kilometers in three major areas of the country: Muntenia Sud (including Bucharest), Banat and Dobrogea, covering one third of the local distribution market, and develops an investment program to improve the quality of service, safety and performance of the networks and local implementation of the environmental standards of the PPC Group. The electricity networks operated by Re?ele Electric Romania include 289 transformer stations and over 25,000 transformer substations.

Electrica Group is a key player in the electricity distribution and supply market in Romania, as well as one of the most important players in the energy services sector.

Electrica Group provides services to over 3.8 million users and has national coverage – with subsidiaries in three areas for electricity distribution: Transilvania Nord, Transilvania Sud, Muntenia Nord and the entire country for electricity supply and for maintenance and energy services.

As of July 2014, Electrica has become a company with private majority capital, listed on the Bucharest and London stock exchanges. Electrica is the only listed Romanian company in the field of electricity distribution and supply in Romania.
