

Capital solar energy jobs

Capital solar energy jobs

We are more than 380 professionals with a recognised track record in the sector, specialized in the entire value chain of renewable energy projects. If you are enthusiastic, dynamic and want to enjoy a young, agile, and digital working environment, you have our DNA!

We are integrated into the entire renewable energy generation value chain. Our purpose is to make a difference in the day-to-day lives of people who are seeking solutions for a better future. They are the representatives of a new era in the energy sector.

Capital Energy was chosen as one of the "100 best companies to work for in 2020" by Actualidad Económica magazine. Factors such as remuneration, training, the talent in the Company, the working atmosphere and its employees' general rating were taken into account for the choice.

- o What You'll Do o Knock on doors in assigned territories and introduce homeowners to the benefits of solar energy o Educate potential customers about Capital Energy's offerings in a friendly and professional manner o Schedule appointments for closers to present customized solar solutions. o Track and report leads, appointments, and follow-ups using our CRM system

- o What You'll Do o Knock on doors in assigned territories and introduce homeowners to the benefits of solar energy o Educate potential customers about Capital Energy's offerings in a friendly and professional manner o Schedule appointments for closers to present customized solar solutions. o Track and report leads, appointments, and follow-ups using our CRM system

Our close-knit, dynamic team is made up of experts dedicated to accelerating investments in clean energy. We are looking for team members who share our drive, our passion for renewable energy, and our belief that individuals can make a difference in the fight against the climate crisis. Exchange ideas. Grow with us. And help to build something great.

We believe that the highest-performing team is one where employees are fulfilled in their work life and also outside of it. That's why we prioritize employee wellness and personal success.

CleanCapital offers a holistic benefits program that supports physical, mental-emotional, and financial wellness. Ample paid time off, flexible work schedules including hybrid and remote work, and fully paid-for benefits are just some of the ways we support our team and their families.

We frequently survey the market to ensure that CleanCapital's salary and bonus programs are fair and competitive. And we give employees opportunities to develop their career within the company based on individual goals. Meaningful career advancement opportunities include paid-for trainings, cross-functional

projects, leadership programs, & dynamic options that may allow for the ability to move geographically, functionally, laterally, and vertically.

CleanCapital is committed to fostering a diverse and equitable workforce reflective of our community while also valuing each person's unique perspective, skills, and experiences. CleanCapital does not discriminate against any individual's race, religion, sexual orientation, gender identity, age or nationality and is committed to promoting a more just and inclusive world through intentional policies and actions.

We know that individuals with talent and drive have lots of options in a competitive job market. But we also know that the average person spends one third of their life at work, and that a great (or terrible) work environment can have an enormous impact on one's health and happiness.

CleanCapital offers a fantastic team environment and collaborative company culture that puts employees first. We lead with transparency and integrity, always. And we encourage everyone to bring their whole self to work. Join us in our mission to lead the energy transition, doing work that matters within a team that supports and values one another.
