The DRC has the highest agricultural potential in Africa, with one of the world's most favorable climates for agriculture and fertile soils, the country has the potential to feed over 2 billion people with appropriate investment. There are many infrastructure construction opportunities for U.S. companies, with most projects structured as public-private partnerships. The need for transportation is creating a huge market for vehicles, boats, and engines.

The International Trade Administration, U.S. Department of Commerce, manages this global trade site to provide access to ITA information on promoting trade and investment, strengthening the competitiveness of U.S. industry, and ensuring fair trade and compliance with trade laws and agreements.
