This item has been tested to certify it can ship safely in its original box or bag to avoid unnecessary packaging. Since 2015, we have reduced the weight of outbound packaging per shipment by 41% on average, that's over 2 million tons of packaging material.

To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzed reviews to verify trustworthiness.

"Works well. Magnets are good, and flexible for a snug fit. Material seems solid and durable. Kept snow and ice away during heavy snowfall." Read more

"An innovative and safe way to protect charger inlet from climate. Works as advertised, durable material and easy to set. Definitely recommended." Read more

"...the LZSTEC EV Charger Port Cover, and it's been really helpful for covering the charging cord, especially since I installed a holder outside for it...." Read more

"...This has held up through several snow storms so far. Magnet to body is nice and strong and the perimeter/circumference is adjustable...." Read more

"Wish the magnet was a bit stronger and it would fit most EV models like my Jeep Rubicon 4xe. It helps protect the charger from rain, sun and snow...." Read more

"...Magnet to body is nice and strong and the perimeter/circumference is adjustable. Plenty of room to go around the port on a on Gen 2 Volt...." Read more

"I bought this for my car charger on the RAV4 Prime. It barely fit around the charging door, which was my biggest concern, as I didn't want any rain..." Read more

"...When I finally got around to trying to use it, it doesn't work; the magnets don't stick to the vehicle, which completely defeats the purpose...." Read more

"This has been very handy. Yea it takes a couple extra seconds to put on for every charge. But it's well worth the extra time. It's water proof...." Read more
