Dallas electric companies sell energy to customers and manage billing, usage, and other account details. Some of the most popular Dallas power companies are TXU Energy, Discount Power, 4Change Energy, and Reliant Energy, among many others.

At Choose Energy, we carefully vet and partner with top energy providers in Dallas. We only show energy rates and plans from the best energy companies in Dallas.

Most of Texas has a deregulated energy market, allowing Dallas residents and businesses the power to choose their energy providers. "Power to choose" means consumers can select their plan from different Dallas energy providers.

You can choose an electric rate that aligns with your budget and helps you save on your Dallas electricity bill. Choose Energy's independent marketplace can help you easily compare rates and plans from top light companies in Dallas to find the best fit for your needs and budget.

When comparing energy options, it's helpful to understand the differences between the types of energy plans offered in Dallas. Here is a breakdown of the most common types of plans on the Choose Energy marketplace.
