

Enclosure with solar panel

Enclosure with solar panel

Sunwize Power & Battery Battery Enclosures are available in various sizes and configurations for housing batteries and support equipment, engineered specifically for the PV industry but suitable in a wide variety of applications.

Most of our enclosures are designed to NEMA3R and rated for outdoor use. White powder coating and quality manufacturing ensure a robust enclosure that will survive even the harshest conditions. Sunwize Power & Battery also offers custom enclosures to meet any specification.

SWPB Part #	Model	Finish	Quantity	x	Battery	Group	Locking	Feature	H	x	W	x	D (inches)	Weight (lbs)

Aluminum enclosures feature removable covers with stainless steel screws. NEMA3R rated, mill-finished metal enclosures with (2) rear 1/2 " electrical knockouts and rear louver vents. E-series include (3) bottom 1/2 " knockouts and an external mounting tab for 2" pipe U-bolts. (E Series Enclosures - No Bracket Option) (C Series Enclosures - Economy Bracket Set - Sold Separately) These enclosures can fit several backplates and radio shelf accessories. See enclosure catalog for full details.

Aluminum brackets feature a slot design allowing use of 2" - 8" pipe diameter U-Bolts or band clamps, and a slot that allows up to 1" thick banding for large diameter pole mounting. Brackets feature tamper-resistant design and include stainless steel mounting hardware (U-bolts not included).
