

Energy management bogota

Energy management bogota

ENERGY MANAGEMENT suministra herramientas con tecnologí de punta y servicios profesionales con calidad en las áreas de levantamiento artificial, perforaci3n y completamiento, prueba y abandono de pozos, renta de equipos, operaci3n y mantenimiento de campos y energías alternativas. Todos estos servicios buscan optimizar los costos en cada una de estas áreas.

Suministramos servicios profesionales, equipos y herramientas innovadoras para incrementar la eficiencia operativa y reducir el consumo energético del sector Oil & Gas

Apostamos firmemente por la sostenibilidad, las energías renovables y la eficiencia energética desde el desarrollo, la innovaci3n tecnol3gica y la formaci3n

The Chairman of the Board of Directors, Andres Escobar Arango, and the CEO of Grupo Energia Bogota, Juan Ricardo Ortega, will preside over the ordinary meeting of the General Assembly of Shareholders, where the bylaws and 2022 financial statements will be presented.

Grupo Energí Bogotaaacute; and its subsidiaries in four countries are comprised of over 2,300 employees working for a higher purpose: 'Improving lives through sustainable and competitive energy.'

We are committed to building a more diverse world for everyone. We reflect this by developing our corporate strategy and committing to the United Nations Sustainable Development Goals.

In this space, you will find educational content, audio files, videos and photographs on the energy sector, stories with good energy and information on everything we do to improve lives with sustainable and competitive energy.

With over 4,000 kilometers of gas pipelines, TGI, a GEB subsidiary, celebrates 15 years of bringing progress and well-being to Colombians with natural gas, which is key in the energy transition.
