Energy storage battery suppliers 10 kWh

A high-performance home energy storage battery is available at Manly Battery. The 10kWh battery comes with a 10-year warranty. We offer various certifications, including UN38.3, IEC62133, UL, and CE. 10kWh powerwall battery is ideally suited for residential energy storage and solar power applications.

The 10kWh battery last over 8000 cycles. It has short circuit protection. Is also has overcharge protection. Over-discharge protection is included too. Each has a balanced circuit. Multiple series can connect in parallel.

Introducing our 10 kWh home battery, perfect for solar energy storage. It's wall-mounted, 48V, and 200Ah. Our battery utilizes top-quality MANLY lithium iron phosphate cells, ensuring safety and high performance. With 8000+ deep cycles, it's reliable for long-term use. Choose from 5kWh, 7kWh, and 10kWh capacities.

The 10kWh powerwall battery has a max discharge of 100A and an integrated BMS for protection. It's modular, compact, and easy to install. Laser welding guarantees durability. The BMS is compatible with inverters like Growatt, Goode, Deye, Luxpower, and SRNE.

Enjoy intelligent air-cooling for quick heat dissipation, ensuring safe and stable operation. Expandable up to 16 packs in parallel for greater capacity. We offer customizable photovoltaic energy storage systems. Trust Manly, a reputable Powerwall factory, eager to collaborate with you.

The 10kWh battery offers essential functions like overvoltage and overcurrent protection. It ensures safety during operation. Moreover, this battery can withstand violent impacts without the risk of explosions or fire hazards.

R: Some modules are 5 years warranty and we will do free replacement for all the problem items. some modules need negotiable. If you have any questions, please contact us.

R: For wholesale pricing information on the 10kW battery, please contact our sales team. We offer competitive pricing and may provide additional discounts based on order volume and long-term partnership opportunities.

R: Yes, we can customize the 10kwh powerwall battery to meet specific requirements, such as capacity, size, and appearance. Please discuss your customization needs with our sales team so we can provide the most suitable solution for your business.

R: We may offer promotional or seasonal discounts for wholesale customers from time to time. Please contact our sales team to inquire about any current or upcoming promotions that may apply to the 10kwh powerwall

battery.

1. During the use of lithium battery products, please follow the “Product User Manual” and “Product Specifications” and do not use in violation of relevant regulations
2. Lithium batteries should be placed in a dry and cool place. Do not use supplementary electricity for more than 3 months to ensure the life of lithium batteries. During use, pay attention to waterproofing, moisture, anti-static, and away from heat sources, etc.
