

Green bank 10 kwh lithium lifepo4 solar battery

Green bank 10 kwh lithium lifepo4 solar battery

Lithium Ion batteries are going to last you a lot longer than traditional Lead Acid. The chemistry used in Lithium Ion allows for more charge cycles. You may notice that your lithium ion battery gets 3 to 5 thousand cycles in its life, where your traditional battery will only see 1,000 cycles max. That is pretty significant if you ask me.

If you're after a quality and affordable solar energy solution that exceeds your return on investment, then logic says look no further, and join the Green Bank family.

Lithium battery pack is not same as lead-acid battery, so for the devices which you connect with the battery pack for charging or discharging, such as inverters, MPPT charger controllers or UPS, please implement pre-settings as recommended settings as below before you launched them.

This battery can be combined and add up to 16 batteries with a total 160 Kwh Power. This battery offer 10Kwh, 20Kwh, 30Kwh, 40Kwh, 50Kwh, 60Kwh, 70Kwh, 80Kwh, 90Kwh, 100 Kwh, 110 Kwh, 120 Kwh, 130 Kwh, 140 Kwh, 150 Kwh, 160 Kwh Power storage system.

1. Advanced lithium iron phosphate technology, first class battery control system made by Contemporary Amperex Technology, the world's biggest maker of electric-vehicle batteries who specializes in the manufacturing of lithium-ion batteries for electric vehicles and energy storage systems, as well as battery management systems (BMS).

This LINIOTECH 10 KWH Power Reserve Power Wall battery storage system has a 10 kWh useable capacity. This is a complete system that comes ready for connection, durable battery, intelligent energy manager and display screen. LINIOTECH uses lithium-iron phosphate (LiFePO₄) battery technology, one of the most reliable, safest and longest-lasting storage technologies currently available. LiFePO₄ is a popular technology for stationary storage systems due to its uniquely high chemical stability and resulting high reliability, durability and long lifespan.

Certification: UL1973 - pending, UL9540A - pending, IEC62619, CE-EMC, UN38.3, MSDS, Test Report from National Center For Quality Supervision and Inspection of Battery Products approved
