Home energy storage battery 110 kWh

Home energy storage battery 110 kWh

SigenStor is an AI-optimized 5-in-one energy storage system that brings your solar dream to reality, helping you achieve energy independence with maximum efficiency, savings, flexibility and resilience.

Simplified to give you a smart and seamless experience. Versatile in nature, caters to every energy usage scenario. Stylish front eagle eye and side ambient lighting design blend elegantly with any surroundings. SigenStor complements a variety of home styles perfectly.

DC-DC Optimizer in each battery pack allows for parallel connections of packs. Supporting mixed use of old & new batteries and various cell vendors, capacities & SOH/SOC. Eliminating cask effect for users and simplifying warehouse management for distributors.

Embedding cloud-native approach along with machine learning capability, SigenStor is self-evolving, quick to distribute, and easy to manage and scale, allowing for a safer, smarter and optimized experience at any level.

Intelligently and efficiently support your way of producing, storing and consuming energy. Enjoy a tailored energy plan that boosts cost savings and contributes to a sustainable future.

Moreover, it will allow you to tap into the power of your EV. Whether to help power your home during an outage or to share energy with the grid, the choice is yours.

* V2X functionality is limited by the EV"s capabilities. Once the relevant standards are published, V2X feature can be upgraded through the OTA. For the official support of vehicle models and support timelines, click here for details.
