

Iceland enphase energy

Iceland enphase energy

Delivers the same reliability that powers over 4.5million Enphase systems around the world. Tested for performance in the harshest conditions, the built-in Enphase microinverters add an extra layer of resilience to help you get the most out of the 1,500Wh battery capacity.

Harness and store the sun's power for emissions-free, off-grid energy, or fully charge from the grid and be ready for action in under 75 minutes. You can even charge it up using your vehicle's DC 12 V port while driving. The device is always ready to be recharged immediately with no downtime after heavy-duty use, unlike virtually all of its competitors.

1. In optimum conditions using two IQ Portable Panels (sold separately)2. While charging your IQ PowerPack 1500 from the DC 12 V port of a vehicle, make sure to secure the device to avoid any harm while driving

Mobile energy independence with 1,500 Wh of battery capacity for everyday essentials or favorite devices. Plug in your appliances, phone, laptop, lights, and tools--the list goes on, and the power is yours.

Control the IQ PowerPack 1500remotely from virtually any smart device with the EnphaseApp. Check charge levels from thecomfort of your couch or monitor energy usagewhile you're out and about. The app also keeps you plugged in to over-the-air(OTA)system updates and important troubleshootingnotifications.

With a bright and durable LCD touchscreen bigger than most smartphones, you can manage your power, see how much charge is left, and adjust usage settings. Thanks to a built-in proximity sensor, the screen lights up when you approach.

Sleek indoors, rugged and weatherproof outdoors. The IQPowerPack1500 is certified to rigorous UL2743 and UL9540A safety and reliability standards for outstanding performance indoors and out. You can count on it for all your adventures, rain orshine.

Recharge your adventures with our durable folding solar panel. Protected by an exceptional 5-year limited warranty, it has three support legs for stability and military-grade construction that stands up to harsh climates and heavy-duty use. You can also combine two IQ Portable Panels for up to 400 W of power.

Load up for your next destination with the IQPowerPack 1500's custom-designed cart. Engineered for strength, and featuring locking wheels and a telescopic handle, the cart folds down small for compact storage at home or in a vehicle. Protected by a 5-year limited warranty.
