

Lifepo4 battery 12v 6ah

Lifepo4 battery 12v 6ah

The Bioenno Power Lithium Iron Phosphate (LiFePO₄) Battery Model BLF-1206A is a state-of-the-art 12V 6Ah battery. Highly sought after for its compact size, lightweight design, and exceptional performance, this 12volt 6amp hour battery is perfect for radio communications and other applications where space is at a premium but high performance is necessary.

Upgrade your power solutions with the Bioenno Power 12V 6Ah LiFePO₄ Battery (BLF-1206A). Experience the benefits of advanced lithium iron phosphate technology, offering superior performance, reliability, and environmental friendliness. Ideal for a wide range of applications, this 6Ah LiFePO₄ battery ensures you have reliable power when you need it most.

Bioenno Power, based in Santa Ana, California, is your trusted source for cutting-edge power solutions. With a legacy of excellence, we provide innovative, sustainable, and top-tier battery solutions. Explore our products and shape a cleaner future with us. Thank you for choosing Bioenno Power, where power meets precision.

Discover unparalleled efficiency and reliability with Bioenno Power's 12V Series - LFP (LiFePO₄) Batteries, where innovation meets durability to power your adventures and projects. Our cutting-edge lithium iron phosphate batteries redefine performance standards, offering you a blend of power, safety, and longevity that traditional batteries simply can't match.

Built-In Protection for Peace of Mind: Each battery in our range comes with an integrated Protection-Circuit-Module (PCM) micro-computer. This advanced system ensures internal cell balance and provides comprehensive protection against overcharge, overdischarge, and short circuiting, ensuring your battery's safety and longevity.

Lightweight Yet Powerful: Our batteries are designed to be 50% to 70% lighter than traditional SLA batteries, making them the perfect choice for applications where weight is critical without compromising on power.

Unmatched Performance: Extract more from your battery with >80-90% rated capacity utilization, significantly higher than the 50% offered by SLA batteries. This means more energy and longer usage times for you.

Exceptional Lifespan: With a service life boasting 2000+ charge cycles and a shelf life that surpasses many competitors, a Bioenno Power battery is a long-term investment in reliability and performance, lasting 5-10+ years.

Versatility at Its Core: From amateur radio to defense, and from outdoor recreation to scientific equipment, our batteries support a wide array of applications. With capacities ranging from 3Ah to 300Ah, we've got all

Lifepo4 battery 12v 6ah

your needs covered, ensuring optimal performance for every device.

Every Bioenno Power battery undergoes rigorous quality checks before shipment, affirming our promise of True Lithium Capacity. This means you get exactly what you see - reliable power, precise capacity, and unmatched performance. Our batteries aren't just about power; they're about providing a dependable energy solution that you can trust, no matter where life takes you.

At Bioenno Power, we're not just selling batteries; we're empowering you to explore further, work smarter, and live better. Our advanced LFP batteries are engineered to meet the highest standards of safety, efficiency, and sustainability, providing you with the reliable power you need, whenever you need it. With Bioenno Power, you're choosing a partner dedicated to delivering excellence in every charge.

Every Bioenno Power battery is meticulously assembled right here in the USA. By keeping our assembly process close to home, we ensure each battery meets our high standards for quality and performance. This commitment to local manufacturing not only supports American jobs but also allows us to closely monitor and continuously improve our production process.
