

Lisbon electric vehicle charging

Lisbon electric vehicle charging

Welcome to our webpage dedicated to electric vehicle charging stations in Lisbon, Portugal! Whether you're a resident or a visitor, we understand the importance of finding convenient and reliable charging spots for your EV. Lisbon, known for its picturesque streets and hilly landscape, offers a unique experience for EV owners with its growing network of charging stations. Join us as we guide you through the city, showcasing the best spots to power up your electric vehicle and explore all that Lisbon has to offer.

To discover the charging fees for a particular location, click on the pin icon on the map. Look for the cost field, where you can find pricing information shared by other users who have charged there. In some cases, you may also find pricing details in the charger's description. Please be aware that for certain locations, pricing information may not be accessible.

To identify Tesla-compatible charging stations, simply click on a specific station pin on the map. Check for information about the available connectors; Tesla-compatible stations will typically list Tesla-specific connectors. You can also explore user reviews and comments for insights.

The score assigned to a charging station reflects user experiences, rated on a scale of 1 to 10, with 10 being the best. Negative user feedback lowers a station's score, whereas positive feedback raises it. Scores remain unaffected by neutral comments or check-ins. For deeper insights into the score's basis, we encourage you to read comments for each location. You can access PlugScores via the Station Summary icon on the map.

We are for sustainable energy, which is environmentally friendly and contributes to the reduction of greenhouse gas emissions. We are for positive energy, which generates dynamism and inspires good practices. We work with a common mission: leaving the best heritage possible to future generations, respecting and maintaining this planet intact which is our home. We educate for change and, together, we shall give more life to the future.

Would you like a charging point at your restaurant, hotel or condominium? Know that any private space with private access may have one, as long as the number of users is limited. Contact an operator to install a charging station and join the Mobi.E network.

The Mobi.E Network enables everyone to charge their vehicle at any of the Network's charging points (Mainland, Azores and Madeira), regardless of the Charging Point Operator (CPO) or the Charging Point Owner (DPC), provided that they have a valid contract with any Electric Mobility Supplier (EMSP).
