

Lithium 120ah battery

Lithium 120ah battery

SCREMOWER LiFePO4 battery inspires the potential of batteries with innovative technology, injecting a continuous stream of vitality into the world. We are not only manufacturers of batteries, but also providers of energy solutions.

To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzed reviews to verify trustworthiness.

"...Weight is appropriate for the size. Keeps a charge well. Power button and USB ports, along with power indicator, on the side are very handy...." Read more

"...I saved a lot of money. Short of getting your own cells and doing your own build these batteries are some of the best \$/ah you can find on Amazon." Read more

"...YOU DON'T EVEN HAVE THE OPPORTUNITY FOR COMPLAINT!! Good value, but you will need to be a little familiar with the battery chemistry to..." Read more

"...What a great and dependable battery. ??So simple to install and insane how much lighter it was than the old lead acid monsters...." Read more

"...day when I charged the battery, the charger started whining and making noise. The mini muffin fan was defective and was headed for failure...." Read more

"...is any downside it's that the fan on the included charger(s) are a bit noisy and will continue to run if you do not disconnect the charger from the..." Read more

"...this is not of much use in determining power left as no data given on instructions sheet as what voltage is to amount of power left...." Read more
