

Luminous solar 2kw hybrid inverter

Luminous solar 2kw hybrid inverter

Features:Key features are:MPPT charge controller to extract upto 30% more power from PanelsInbuilt isolation transformer to protect from grid surges and noiseCharging from both mains and solarSelectable source priority: Choose source priority from solar, battery and gridCompliance to IEC standards for safety, reliability and quality

NXT+ range of PCUs is the ideal solution for off-grid applications. Designed to offer control, the PCU intelligently optimizes battery charging and power to load among Solar, Battery and Grid power.

Our solar PCU has latest MPPT, (Maximum Power Point Tracking) charge controller. It enables you to extract maximum from solar power. It is 30% more efficient than a normal PWM based PCUs.

Features:Key features are:MPPT charge controller to extract upto 30% more power from PanelsInbuilt isolation transformer to protect from grid surges and noiseCharging from both mains and solarSelectable source priority: Choose source priority from solar, battery and gridCompliance to IEC standards for safety, reliability and quality

I think other site proprietors should take this site as an model, very clean and wonderful user genial style and design, as well as the content. You are an expert in this topic!

What i don't understand is in reality how you are no longer really much more smartly-appreciated than you might be now. You are so intelligent. You realize thus considerably when it comes to this topic, made me personally imagine it from a lot of numerous angles. Its like women and men aren't fascinated except it's something to accomplish with Girl gaga! Your individual stuffs excellent. At all times take care of it up!

"Product is good. However only one issue is that when the battery gets to a low, the inverter does not reset to normal even after charging battery...." Read more

"...I installed this with 2 tall tubular 200AH batteries and the backup times are awesome. The best part is fast charging and intuitive display...." Read more
