

Luxembourg city electric vehicle incentives

In order to encourage legal persons to opt for electromobility and active mobility, thereby rendering transport cleaner in the long run, a subsidy is now available for the purchase of a new vehicle (car, van, quad, etc.) which must be:

In case of a rental or leasing contract, the subsidy can be paid to the holder or keeper of the vehicle as stated on the registration certificate or on the contract, provided that:

The registration of the vehicle in the applicant's name must occur no later than 6 months after the vehicle's first entry into service. The aforementioned 6 month deadline is extended to 12 months if the date of conclusion of the sales contract, or in the case of leasing, of the rental or leasing contract of the vehicle, is on or after 1 April 2022.

Financial aid varies according to the date of conclusion of the sales contract (or, where applicable, the rental/leasing contract) and the date the vehicle was put into service.

If the vehicle is first put into service at the latest on 31 March 2025 inclusive and the date of signature of the sales contract, or, in the case of leasing, of the rental or leasing contract of the vehicle, is between 1 April 2021 and 30 June 2024 inclusive:

If the vehicle is first put into service at the latest on 31 March 2025 inclusive and the date of signature of the sales contract, or, in the case of leasing, of the rental or leasing contract of the vehicle, is between 1 April 2022 and 30 June 2024 inclusive:
