

Off-grid solar ljubljana

We offer affordable equipment rental, advice on self-construction, calculation of solar and battery components, and professional installation and maintenance of devices.

Our advantage is fast response and immediate service, as we keep spare parts in stock. View products **SMART SOLUTIONS FOR GREEN FUTURE** In our store you can find hybrid inverters, solar and wind power plants, rectifiers and inverters, energy storage solutions and chargers for electric vehicles.

Sales and representation of various brands allows us to choose the optimal solution for each customer. View products **INDUSTRIAL ENGINEERING, MEASURING EQUIPMENT AND TOOLS** Sales, consulting and implementation of frequency converters, PLC controllers, CNC devices and other industrial equipment.

Because we know the course of work in industry and on construction sites, we immediately provide a replacement product in the event of a breakdown. This avoids the costs of stopping the process. View products **SATISFACTION GUARANTEE** We believe in a personal approach and stand behind the product sold and the service provided.
