

Pristina photovoltaic pv systems

Prishtina, 06.02.2023 - The Ministry of Economy today has launched a Public Call for the support of household consumers and micro, small, and medium-sized enterprises to invest in renewable energy systems – photovoltaic (PV) systems for generation of electricity for self-consumption, financed by the European Union (EU).

The subsidy amount for household consumers covers EUR250/kWp up to EUR1750.00, subsidizing only one photovoltaic (PV) system for generation of electricity for self-consumption per one (1) house. The system must be newly purchased. The purchase date must be from the announcement date of the Call, starting from 06.02.2024.

The application for subsidy is divided into two phases, and in both phases, the application is made online through the e-Kosova platform. The basic criterion for application is the electricity consumption criterion, which is found at the following link: <https://ekosova.rks-gov /485>

You will receive the link for application for the second phase in the email address, by which you opened your e-Kosova account when applying for the first phase.

You can find complete information of the Call at the following link: <https://me.rks-gov /wp-content/uploads/2024/02/1Public-call-For-support-of-household-consumers-to-invest-in-renewable-8230;.pdf>

Each applicant is entitled to benefit from the subsidy for only one (1) photovoltaic (PV) system per business, and the system purchased must be new. The date of purchase must be from the date of announcement of the Call, which starts on 06.02.2024.

You must have an individual or business account through which the e-Kosova platform will identify the businesses in which you are an owner or authorized representative. The application can be made by the shareholder/s or the person authorized by the company.

You can find complete information of the Call at the following link: <https://me.rks-gov /wp-content/uploads/2024/02/1NMVM-PUBLIC-CALL-Photovoltaic-PV-System-for-Generation-of-Electricity-for-Self-Consumption-09.02.2024.pdf>

The application deadline for the first phase is until 31 May 2024, or until spending the budget allocated for this Call. Applications received in the first phase will be reviewed on the "FIRST COME, FIRST SERVED" basis, therefore we encourage you to apply as early as possible. While for the second phase, the deadline is until 30 September 2024.

Furthermore, a public call for support to micro, small, and medium enterprises in investing in renewable energy systems – water heating solar system will be launched soon.

Prishtina, 05.02.2024– The Ministry of Economy will launch tomorrow a Public Call for the support of household consumers and micro, small, and medium-sized enterprises to invest in renewable energy systems – photovoltaic (PV) systems for generation of electricity for self-consumption", financed by the European Union (EU).

Announcement of measures will be made by the Prime Minister of the Republic of Kosovo, Albin Kurti, the Minister of Economy, Artane Rizvanolli, the Minister of Industry, Entrepreneurship, and Trade, Rozeta Hajdari, and the representative of the European Union in Kosovo, Alessandro Bianciardi.
