Rittal website

Faster - better - everywhere. The whole is more than the sum of its parts. The same is true of "Rittal - The System". With this in mind, we have bundled our innovative enclosure, power distribution, climate control and IT infrastructure products together into a single system platform. Complemented by our extensive range of software tools and global services, we create unique added value for you.

Rittal is a German manufacturer of electrical enclosures for use in industrial settings. Founded in 1961, Rittal is a subsidiary of the Friedhelm Loh Group. The name Rittal is derived from the place where the company was founded - Rittershausen in Dietzhofen. The company headquarters is in Herborn.

Rittal is a German provider of industrial enclosure systems including power distribution and climate control as well as for IT infrastructure and software and services. Enclosures from Rittal are used in:

Rittal sponsors a number of football and handball clubs in the region, including HSG Wetzlar. From March 2006 until the end of 2021, the company sponsored the Mittelhessen-Arena in Wetzlar as the Rittal Arena Wetzlar. Rittal was also a major sponsor of Hessentag 2016 in Herborn.

Questions or feedback about Rittal products and services? Have data center challenges you have been struggling to overcome? Our team of experts is here to provide answers and recommend solutions. Reach out using our convenient contact form and we will be in touch.
