

# Smart meter monitor replacement

## Smart meter monitor replacement

We've partnered with ivie to bring you the latest technology in smart meter in-home displays, the "ivie Bud". Get ?5 off when you enter EDF5 at checkout. (1) Buy now for ?49.99 (+ delivery)

You'll either need a bill that's less than three months old or a valid credit/debit card. These are only used to verify your identity and get your new in-home display working. No money will be taken from your credit/debit card.

Before ordering your ivie Bud it's important to check your smart meter is compatible. Some older models of smart meters don't work with the ivie Bud in-home display. Just enter your house number and postcode and we'll be able to tell you if it is.

Any customers purchasing this product are directly doing so with Chameleon, and are purchased at the customer's own risk. EDF cannot be held liable for any customer purchases of Chameleon products.

ivie Bud is the latest in-home display that connects with your smart meter and shows exactly how much energy you're using in real time. Whether you have a broken or missing IHD or simply want to upgrade your old one, the ivie Bud is here for you as the perfect replacement in-home display. Easily track, compare and adjust how you use energy, so you can cut costs and be even greener.

Before you order, it's important to make sure your smart meter will work with an ivie Bud. Click the "+" symbol below to check if there is a compatible smart meter registered at your home. It only takes a moment.
