WASHINGTON, D.C. -- Companies across the United States are investing in record-levels of solar and energy storage to power their operations. According to the Solar Energy Industries Association's (SEIA's) new Solar Means Business...

BOSTON, Mass. -- Today the Massachusetts Legislature passed Senate Bill 2967, critical bipartisan legislation that addresses key challenges facing the solar and storage industry in the Commonwealth. The bill now goes to Governor Maura Healey's...

The Solar Energy Industries Association(R) (SEIA) is leading the transformation to a clean energy economy. SEIA works with its 1,200 member companies and other strategic partners to fight for policies that create jobs in every community and shape fair market rules that promote competition and the growth of reliable, low-cost solar power.

Founded in 1974, SEIA is the national trade association for the solar and solar + storage industries, building a comprehensive vision for the Solar+ Decade through research, education and advocacy.

SEIA is the national trade association for the solar and storage industry, building a comprehensive vision for the Solar+ Decade through research, education, and advocacy.

Companies across the United States are investing in record-levels of solar and energy storage to power their operations. Read the full report and see where America's top brands rank among the biggest users of solar and energy storage.

Solar energy is a renewable, carbon-free resource available in every geographic region of the U.S., with enormous potential to reduce our nation's carbon emissions emissions.
