Solar installation oman

Omani certified company providing integrated engineering solutions for solar and renewable energy generation systems for commercial, residential and industrial purposes with a deep understanding and real experience in the Oman market since 2013

This initiative is implemented by NAFAP and falls under the umbrella of BP's social responsibility programs. B. Oman aims to motivate and equip young people with the knowledge and skills needed to enter the field of entrepreneurship in the renewable energy sector.

Solar System is the best solution to produce electrical energy in the long term. Moreover, the weather in Oman helps to produce more amount of energy compared to other countries.

Muscat Power Pioneer Co. L.L.C owned 100% by Muscat Gas Company S.O.A.G and it considered as one of the main industrial arms of Muscat Gas Co. MPP Established in 2020 based in Muscat, Sultanate of Oman.

We are passionate about contributing to a world, which does not depend on power from fossil fuels. Our aim is to accelerate the adoption of solar technology across the world to conserve our environmental friendly, sustainable and conflict-free power supply.

At Oman Solar, we have latest technology by which we can use NATURAL RESOURCES and convert the NATURAL energy into POWER (ELECTRICAL ENERGY). The solar photovoltaic energy is a most viable solution for reliable and remote application in the region because of the availability of the sun for almost 365 days in the year. Our motto is to electrify each and every home, office, works and industries by the GREEN ENERGY and thereby contribute to NATURE.
