

Solar pv gaborone

Solar pv gaborone

Solarone is a company that is focused on sustainable energy and water solutions; Incorporated under the Companies Act of Botswana in 2009, Solarone is proudly 100% citizen and female owned company.

Our Mission is to Guide our clients and help them find affordable and efficient paths to leverage this green power. We aim to help both domestic and commercial customers to define their power goals, evaluate their options and make informed and confident energy decisions.

Our technical director possesses over 20 years in the engineering industry with broad experience in generation, transmission, distribution and mining fields. He is a seasoned project manager and consultant in both public and private sector.

Solarone has expertise in design, supply and installation of solar energy, water full cycle solutions and power back-up systems, for all sectors of the economy e.g. agriculture, commercial, domestic, industrial and mining

Our products are manufactured by reputable manufacturers from around the world and are backed by manufacturers' warranties as a mark of confidence in their quality.

Our management team comprises of individuals with extensive leadership experience at executive management level of various organizations in private and public sector.

Our founding MD is a seasoned female entrepreneur who has participated in formative stages of solar policy developments in Botswana. We also have members with over 20 years engineering management experience in power utility, power markets and private consulting

Our Solarone operations team is led by a highly experienced and dedicated individual who has been with Solarone since inception. He has worked with many of our partners and suppliers and is very conversant with our operations and the industry. He has led our field teams on a variety of projects in photovoltaic, water pumping, back-up, solar water heating and general electrification.

We offer discounted pricing on world class brands to local and international installers. Speak to one of our experts to get advice on the best brands and custom pricing.

Solarone is a company that is focused on sustainable energy and water solutions; Incorporated under the Companies Act of Botswana in 2009, Solarone is proudly 100% citizen and female owned company.

Scatec and the Botswana Power Corporation (BPC) have signed a binding 25-year power purchase agreement (PPA) for the construction of a solar PV facility with a contracted capacity of 50 megawatt at Selebi Phikwe.

Solar pv gaborone

Scatec owns 100% of the project and will be the designated engineering, procurement and construction company (EPC), asset manager, and O& M contractor.

Scatec will construct the solar facility in Selibe Phikwe, a former mining town located in the eastern part of the country. The solar power plant will ensure that approximately 48,000 tons of CO2 emissions will be avoided and power approximately 20,000 households annually.
