Lighting up millions of homes, bringing health and happiness with access to energy to the very last mile consumer, we at Rahimafrooz Solar, are leading the change for Bangladesh's progress.

Our solar pumps bring sustainability to crop cultivation and water usage. Our mini and micro grids, power remote areas, while in cities, rooftop and BIPV applications drive the use of clean and efficient energy practices. Our solar PV solutions and energy efficient appliances ensure people across Bangladesh can enjoy the benefits of clean and sustainable energy.

Pervasive use of technology from manufacturing to supply chain, from engineering to sales and last mile customer service, our motto is to escalate and enhance the benefits of renewable energy by Solarising Bangladesh.

Rahimafrooz Renewable Energy Ltd. (RREL), is one of the foremost and pioneering solar companies in Bangladesh, with more than 25 years of experience of Solarizing Bangladesh. As a company we specialize as a systems integrator & installer of solar solutions, manufacturer of key solar components, and one-stop service provider for carbon project development.

The Beximco Gaibandha Solar PV Park is a 275MW solar PV power project located in Rangpur, Bangladesh. Post completion of construction, the project was commissioned in 2023. The project was developed by TBEA Xinjiang Sunoasis; Beximco Power. TBEA Xinjiang Sunoasis; Beximco Power own the project. Buy the profile [here](#).

The 134.30MW Mongla Solar PV Park solar PV power project is located in Khulna, Bangladesh. Energon Technologies; China Sunergy has developed the project. It was commissioned in 2021. The project is owned by Energon Technologies; China Sunergy. Buy the profile [here](#).

The Orion Khulna Solar PV Park is a 134.30MW solar PV project. Energon Renewables (BD) owns the project. It was commissioned in 2021. The project was developed by Energon Renewables (BD). It is located in Khulna, Bangladesh. Buy the profile [here](#).
