Solar warehouse cape town

We design highly efficient, reliable solar systems. Our promise: Premium components, configured in an optimal way. Our know-how: Decades of experience, extensive product knowledge, continuous performance tests and German engineering excellence.

We know Africa - for 40 years. The logistics is standard for us. Many components are available from our warehouse on short notice. With our network and partners, we organize well-timed and secure deliveries throughout the entire African continent.

The long-standing cooperation with established global manufacturers, high volume procurement and comprehensive stock on hand, give us the advantage to offer attractive pricing. And our advantage is your benefit: Premium product at best prices.

On- or Off-Grid - we configure and deliver high performance photovoltaic components and systems for commercial, residential and infrastructure applications. Since 1984.

GC Solar offers cutting-edge solar solutions for residential and commercial properties, ensuring maximum efficiency and cost savings with state-of-the-art technology.

Experience hassle-free solar energy with Solar Rentals by GC Solar. Our flexible rental plans offer top-notch solar systems without the commitment of ownership.

Welcome to GC Solar, South Africa's premier solar distributor since 2011. With centers in Johannesburg, Cape Town, and Durban, we offer cutting-edge renewable energy products and top-tier after-sales support. Our mission is to lead South Africa's solar energy transition by providing excellent products and empowering communities. Join us in shaping a greener future.

We deliberately over-deliver on value to exceed expectations so that our clients can get phenomenal results. Cape Solace has a reputable track record of delivering smart energy solutions, and solar installations across the Western Cape and parts of Africa.

Our clients can rely on us to deliver quality work and unmatched service. View our testimonials and find out why you should choose Cape Solace to design and implement a high-quality solar installation for your agricultural or SME needs.
