Who owns generac company

Generac's largest acquisition to date was in 2021, when it acquired ecobee for \$770M. Generac has acquired in 11 different US states, and 6 countries. The Company's most targeted sectors include electrical equipment (44%) and energy services and equipment (16%).

Generac is a designer and manufacturer of a range of generators and other engine powered products. Generac was established in 1959 and is based in Waukesha, Wisconsin.

Every day, new opportunities emerge around M&A and we help professionals of all types comb through transactions, investors, and corporate acquirers via an easy-to-use web database that is accessible to anyone.

WAUKESHA, Wis. - November 1, 2021 -- Generac Holdings Inc. (NYSE: GNRC) ("Generac" or the "Company"), a leading global designer and manufacturer of energy technology solutions and other power products, today announced the signing of an agreement to acquire the shares of ecobee Inc. ("ecobee"), a leader in sustainable smart home solutions, in a transaction valued up to \$770 million USD contingent on the achievement of certain performance targets.

"Generac's evolution into an energy technology solutions company creates many opportunities to integrate our ecobee products with their residential device offerings, enabling direct monitoring and control of a significant portion of the home's electrical load," said Stuart Lombard, founder and chief executive officer of ecobee. "We are excited to join the Generac team so together we can deliver a cleaner, more resilient and sustainable energy future for our customers and communities."

At closing, Generac will pay \$200 million USD in cash along with \$450 million USD in GNRC common stock to the current equity holders of ecobee. Additionally, upon achievement of certain performance targets between closing and June 30, 2023, the sellers may receive up to \$120 million USD in additional shares of GNRC common stock.

The acquisition is expected to close during the fourth quarter, subject to customary closing conditions, including clearance under the Hart-Scott-Rodino Antitrust Improvements Act.

About GeneracGenerac is a leading energy technology company that provides backup and prime power systems for home and industrial applications, solar + battery storage solutions, advanced power grid software platforms and engine- and battery-powered tools and equipment. Founded in 1959, Generac introduced the first affordable backup generator and later created the category of automatic home standby generator. The company is committed to sustainable, cleaner energy products poised to revolutionize the 21st century electrical grid.
