

Your Rheem(R) product was built to last. But even the best products can be affected by outside factors like air or water conditions, environmental concerns, and yes, even issues in the manufacturing process. So we back our equipment with some of the best warranties in the business. And we've made it easy to register your Rheem products so you can receive the full benefits of their warranties.

Rheem water heater model and serial numbers can be found on your original warranty or sales invoice. If you do not have access to these documents, this information can be found on the unit itself. Please browse the product types below for specific details on locating a model or serial number:

Rheem HVAC model and serial numbers can be found on your original warranty or sales invoice. If you do not have access to these documents, this information can be found on the unit itself. Please browse the product types below for specific details on locating a model or serial number:

The label containing model and serial number information can be found on the back of the outdoor unit and on the inside front cover of the indoor unit. Two model and serial tags identify split system equipment.

One model and serial number tag is used to identify Package System equipment. The tag is located on the outside corner of the unit. One model and serial tag identifies package equipment.

With a full line of Rheem(R) tank and tankless water heaters to choose from, there's sure to be one that's the right fit for your family. Whether you need high water delivery or low energy costs--or both, we have your next water heater. Be sure to browse our impressive line of sustainable, high efficiency tankless water heaters, gas tank water heaters, and the most efficient water heater on earth -- the Rheem hybrid electric water heater.
